INTRODUCTION

Congrats on accepting the Challenge and welcome to the **5-Day Mindset Awareness Challenge!**

In this 5-day challenge, we will be diving into your daily ritual and habits that help run at your **high-performance potential**, including the **mental and physical factors**, and how best to integrate the correct actions into your daily schedule.

My name is **Shawn Huber**, and I will be training and guiding you throughout this challenge.

I help **high-performing CEOs and entrepreneurs** maximize their daily routines so they can be **more focused, think sharper, and have more energy**.

My team and I have helped thousands of people over the past 25 years, so you are in good hands. :)

This workbook will help guide you during the challenge and give you actionable homework.

Be sure to submit the homework in the group to qualify for prizes (plus to actually take action and get results).

Please print this workbook. If you would like to edit it digitally, click “file- make a copy”.

Keep in touch with your accountability partner throughout the challenge. They are here to help you.

To your success,

Shawn

We go live at **11 AM (EST)** each day for about an hour and will have all replays available in our FB group.

All the content will be removed one week after the challenge is completed, so don't get behind!

This free challenge is intended to be more valuable than the last course you purchased.

DAY 01

Introduction and Overview on High-Performance (Physical / Mental / Emotional)

The difference between High-Performance and Peak-Performance:

- **High-Performance** - Exploring all the ways you can reach **heightened** and **sustained** levels of performance in all areas of your life.
- **Peak-Performance** - Having a **goal** set, then achieving the goal but having nothing afterward.

The goal is to simply help you find your emotional truths and life transformations.

You get out as much as you put into it.

The 5 areas of High-Performance include:

1. **Clarity** - Being clear on what you're doing, why you're doing it, and knowing where you want to go.
2. **Energy** - Having higher levels of vibrancy and stamina needed to achieve your goals and live a fully charged life.
3. **Courage** - Understanding where you've been most confident and courageous in your life and where you're backing down in certain situations.
4. **Productivity** - The goal of the session is to see how productive and effective you feel in life and work and give you a set of tools and concepts to help you quickly and easily improve those areas.
5. **Influence** - Creating an understanding of how you're helping someone become clearer in their relationships and their career to take action in their life.

DAY 01

Homework

INSTRUCTION: Scale yourself on a 1 - 10:

HEALTH

I feel that my overall physical and emotional health (my well-being) is primed and optimized to make me feel energetic, motivated, and strong each day. I have the mental and physical stamina to deal with life's challenges and opportunities. I regularly take care of myself so that I can feel my best.

1 2 3 4 5 6 7 8 9 10

LOVER

I feel a consistently deep, trusting, appreciative, soulful, loving connection with my significant other. I am patient, respectful, and attentive to my partner's needs.

1 2 3 4 5 6 7 8 9 10

FAMILY AND FRIENDS

My immediate social circle of family and friends brings connection, fun, and positive energy into my life. I seek out positive people and I do my very best to bring positive energy and real authenticity into all my relationships.

1 2 3 4 5 6 7 8 9 10

MISSION

I feel clear, energized, and fulfilled by my work and contribution to the world. I believe my work or day's efforts add real value to the world and are a true reflection of my best efforts and contributions. I enjoy the lifestyle my work is helping me experience in life.

DAY 01

Homework

INSTRUCTION: Scale yourself on a 1 - 10:

FINANCES

I have the level of abundance I need to have a stable income and lifestyle I desire for myself and my family. I earn and invest at the levels I had hoped at this time in my life. I have a clear vision for improving my finances and lifestyle in the next few years.

1 2 3 4 5 6 7 8 9 10

HOBBY

I have a passionate past-time that allows me to express, enjoy or develop myself outside of my job/career. I give enough time to the things I love in life.

1 2 3 4 5 6 7 8 9 10

SPIRIT

I feel connected to the present moment and vitally alive in my spirit. I am congruent with my beliefs and behaviors and keep my faith and values at the forefront of my decisions and daily actions.

DAY 02

Why Do You Do What You Do?!

What is the reason behind what you do on a **daily basis**?

Do you find yourself saying, “I’ve always done it this way.”?

You want to ask the **reasons** why you give the excuses you do. There’s a reason behind the choices you are making.

High-performers consistently have a certain **routine** that allows them to remain consistent.

What are the factors that help you...

1. Get better sleep
2. Feel alert in the **morning**

What do you eat in the morning and why?

We have our “go-to’s” because we don’t want to think!

Why do we have a certain routine during the week but a different routine on the **weekend**?

Slight changes make **major** changes in your daily life.

DAY 02

Homework

GOAL: Do what you're doing even better than you're currently doing it!

Go through your current calendar and add in any personal priorities that might not be on there.

Then, based on the score from yesterday's assessment, for anything that's less than a 5, make it a goal to add something in that category to your calendar to improve your score by the end of the Challenge.

DAY 03

How is Doing What You Do Serving You and What Do You Need to Do to Make it Better

Think of the things that you're currently doing:

1. **Exercise**
2. **Job**

Paradigm Shift - **Successful** people don't look to only leave something they're doing because it's no longer a good fit. They consider leaving because there's a bigger **opportunity** that's more challenging and tend to be more passionate about.

When you work for someone else, there's always a cap.

Take into consideration what you're doing now, and ask yourself, "What's the **next level** of what I'm doing and how can I get there?".

More importantly, you want to find out who's already doing it and model what works.

You don't have to go all-in and quit what you're doing, but you should make it a **goal** to find what that next thing is that will push you to be **bigger** and **better**.

At the end of the day, you'll be doing the same thing whether it's for yourself or for someone else. It's just a matter of your **perspective** on the work.

DAY 03

Homework

When and how do you take time for yourself?

Do you journal? (If so, when? If not, when can you begin fitting it into your schedule?)

Focus on the following areas. How and what could you do that would raise the effectiveness and output in each area by 10%?

• NUTRITION

Here's What I'm Doing:

Here's What I Could Do:

• EXERCISE / BODY MOVEMENTS

Here's What I'm Doing:

Here's What I Could Do:

• ORGANIZATION OF DAILY ACTIVITIES (i.e. Cleaning around the house / Self-care)

DAY 04

How to Effectively Incorporate These New Habits Into Your Daily Routine

You want to become **incredibly** aware of how you choose to spend your day. The overall goal is to create **positive** discipline.

How do you wake up?

1. Single Alarm
2. Multiple Alarms
3. Wake up Naturally

Are you jumping straight into Social Media or news first thing in the morning?

If so, you are allowing the outside world and outside sources of stimulus to affect your **mentality** and **emotions** before getting your day started.

Considered **healthier** alternatives of waking up...

1. **Motivation / Inspiration / Meditation**
2. **Tea or Coffee**
3. **Cold Shower**

DAY 04

How to Effectively Incorporate These New Habits Into Your Daily Routine

In general, if you're working for someone else, most people typically are looking forward to their lunch break and leaving for the day.

Let's discover why you may be crashing mid-day:

1. Blood sugar
2. Lack of rest
3. Caffeine intake

Everywhere you go, and everything you do, you are in some way **selling** yourself and you need to be very careful of your word choices.

Positive change and choices should be done for yourself, not based on the negatives that scare you from somebody else's situation or scenarios.

Once your project is done, you want to specify what you want to fill in your new white space.

Once work is over, how do you recenter so you can change hats from CEO to partner or parent? Are you there to **listen** or to **talk**?

Have you conditioned your family on how to best give you space so you show up in a **positive energetic** state?

DAY 04

Homework

What is your attitude towards getting up early?

Horrible

It's Okay

I'm Excited To Tackle The Day

Buildout your current baseline calendar, and in one week, redo this calendar with your newer routine focused on positive benefits, so you show up at your best:

DAY 05

Understanding Your Measure Stick of Success & Taking Massive Action

Success means something different to everybody.

If you think you need to work more to become more successful, **WRONG**... you need to work **SMARTER**.

Top questions to consider:

1. What does success mean to you?
2. How do you define it?
3. Where and what does that gap look like?
4. What does your dream really look like?
5. Are you playing all out at the level that takes you to the next level?

Is it...

1. Monetary
2. Health
3. Relationships

In order to hit your goals, we first need to gain clarity on what it really takes to achieve those goals?

Who are you investing in to help you?

To achieve your **desired success**, you need to have a **clear goal** and an understanding of your **financial situation**.

Where **focus** goes, **energy** flows.

You need a team of experts around you to help you in the areas you desire to upgrade in your life, both personally and professionally.

One of the best investments you can make is in yourself.

DAY 05

Homework

Let's identify your life plan.

Where do you want to be in 3 years?

Where do you want to be in 1 year?

Where do you want to be in 3 months?
